

Join Our Event Team

Wemyss Malts and Darnley's View Gin are looking to build a team of UK based event staff who can help deliver our programme of whisky shows, gin festivals, tastings and in store sampling.

If you like whisky and gin that's great, but the main qualities we are looking for are enthusiasm, an eagerness to learn and a commitment to the team you will be a part of.

What *we* can offer *you* is experience in a fantastic industry, training on how we produce our spirits, the history behind both, our brand messages and hopefully a really fun time!

The role will be on an ad hoc basis and mostly evening and weekend work, it may also involve heavy lifting, late nights and occasional travel. If you have a car that's desirable but not essential.

An hourly rate and travel costs will be provided as well as personal licence training.

If you're interested in this role then please send us a few paragraphs telling us a bit about yourself, any relevant experience and why you want to join the events team. If you would prefer to work with one spirit over the other just let us know. Email this to info@wemyssmalts.com by the 30 June at 5pm.
