Wemyss Malts Release Single Cask Summer List

Wemyss Malts is delighted to announce the release of their latest single cask malt whiskies. Each cask is a celebration of the unique and contrasting appeals of the different Scotch whisky regions. Wemyss whiskies are each identified by their natural taste and aroma and this latest range of six includes:

“Whispering Smoke” a rare 30 years old single cask from the Islay whisky region
“Well Mannered Mint” also from the Islay whisky region
“Vanilla Summer” from the Highland whisky region

Each cask has been selected by the Wemyss tasting panel, under the watchful eye of industry aficionado Charlie Maclean. The recommended retail prices are between £50 and £150 and these casks will be available in selected retailers in the UK, EU and key Asian markets.

Wemyss Malts represents the whisky interests of the Wemyss (pronounced ‘weems’) family from Fife, Scotland. The family’s connection with the whisky industry dates back to the turn of the 19th century when John Haig’s first distillery was built on family land. Even today barley from their estate in Fife is grown for many of Scotland’s leading distilleries.

Susan Colville, Regional Sales Manager for Wemyss Malts, enthused: “I am particularly excited that we are able to release a 30 year old single cask as part of this latest bottling. Our single cask bottlings are becoming increasingly sought after and with only 228 bottles, “Whispering Smoke”, will soon become a collector’s item.”
